

Tickets For Tots

Louisville, Kentucky
USA

What we do is very simple. We take ticket donations for local area events and match them up with underprivileged youth that would benefit greatly from the experience of attending that event. Tickets for Tots accepts tickets to a variety of events. Partnering with with other local charitable organizations like Big Brothers Big Sisters, Orphanages, Women & kids shelters, etc., Tickets for Tots contacts the partner organization, who uses their relationships to get tickets to kids who can use them. Tickets for Tots then follows up with that partner organization to ensure the tickets were used, and the child thanks the ticket donor with a handwritten note. Tickets for Tots is a Kentucky registered non-profit organization. We prefer to receive tickets with at least seven days in advance of the upcoming event. But, we are able to accommodate shorter timeframes, if necessary. To ensure that your donated tickets will get used and qualify as charitable donations, please make sure we receive them by no later than 48 hours before the event. For more information, please reference the donations page.
